2401. SHRI SURESH PACHOURI: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that Government have requested the State Government to issue directives to local bodies under their control for modifying building byelaws to provide mandatory installation of Solar Water-heating System in respect of hotels and hospitals in the commercial sector of the States;

(b) if, so, the details thereof; and

(c) what is the response of the State Governments therein?

THE MINISTER OF STATE IN THE MINISTRY OF NON-CONVENTIONAL ENERGY SOURCES (SHRI S. KRISHNA KUMAR): (a) and (b) Yes, Sir. A group constituted by the Government in February, 1992 on the installation of solar assisted Water heating system in functional buildings recommended installation of solar water heating systems to be made mandatory in the case of hotels and hospitals. The use of solar water heating systems has also been recommended for guest houses, canteens, hostels, laboratories and research institutions in the Government sector where hot water requirement is not continuous. Based on this, the Ministry of Urban Development have requested the State Governments in April, 1994 to issue directives to the local bodies under their control for modifying building byelaws to provide for mandatory installation of solar water heating systems in respect of hotels and hospitals in commercial sector. This was followed by a letter from the Union Minister of State for Non-Conventional Energy Sources to the State Chief Ministers to initiate necessary action.

(c) The State Governments of Haryana, Himachal Pradesh, Madhya Pradesh, Rajasthan and the Union Territory of Dadra & Nagar Haveli have issued necessary instructions in this regard mainly for Government buildings. Some other State Government have responded that they are considering the matter.
